Education Department

STUDENT ACCELERATION REQUEST
Due October 31

On occasion there is a student who excels in all developmental areas - emotionally, socially, physically, and academically, and who would benefit from an accelerated program. This is not to be interpreted as “skipping a grade” because all levels of academic work are to be covered. When it is felt, by the teacher, that such a case exists, a request is to be made to the Education Office, providing the following information.

School: _____

Student Name: _____ Age: _____ Grade: _____

Attach to this form:

1. Copies of current and previous grade reports.
2. Standardized test scores.
3. Teacher’s assessment of social, physical, and emotional development.
4. Brief summary of suggested acceleration program.
5. Report of communication with parents/guardians (include dates, notes from parent teacher conferences and emails).

Acceleration Approved By:

Teacher: _____ Date: _____

*Principal: _____ Date: _____

Parent/Guardian: _____ Date: _____

Education Director: _____ Date: _____

*In a small school, the School Board Chair may sign as one of the two school representatives.

For more information, see section 4512 of the *Southwestern Union Education Code* book.
